

2023 International Mechatronics Conference and Exposition

CALL FOR PRESENTATIONS

This Mechatronics conference is motivated by the demand for a multi-disciplinary workforce in the industry. The conference brings together academic professionals and industrial experts in mechatronics, robotics, and other electromechanical fields. It is designed to provide an opportunity to stay current in this rapidly growing field and to network with like-minded colleagues.

We welcome presentations, workshops, and abstracts of both applied and theoretical research related to the field of mechatronics and robotics. Full papers will also be accepted for publication in Proceedings. Submissions will be peer-reviewed. The authors will be notified of the acceptance/rejection based on content, available space, and overall program balance. Both oral and poster presentations will take place during the conference.

Topics of Interest

- Mechatronics Education
- Intelligent Mechatronic Systems
- Artificial Intelligence/Deep Learning (AI/DL)/ Virtual Reality (VR)
- Mechatronics Applications (Health care, Construction, Fire Protection, and Human Protection)
- Smart Manufacturing/Industry 4.0
- Robotics, Control, and Automation
- Smart/Adaptive Structures
- Any Special Topic in Mechatronics and Robotics (solicited)

Submit Presentation

Due Dates

- Presentations and Workshops | **March 31, 2023**
- Submission Deadline | **June 30, 2023**
- Acceptance & Rejection Notice | **July 31, 2023**
