

## **A graduate research assistant position in Piao Lab invites for applications**

Applications are encouraged for a graduate research assistant position in the Piao Lab (Sensory Biophotonics Laboratory) in ECE:

- Position responsibility and availability:
  - Develop near-infrared spectroscopy technology for assessing pigments important to meat industry
  - Available starting Spring 2025
- Minimal Qualification:
  - Meeting the graduate admission requirements of ECE
  - B.S. degree in Electrical Engineering and Biomedical Engineering with confidence of hands-on work/experimentation.
- Desirable qualification:
  - MS degree, seeking PhD study
  - Experiences with instrument interfacing for real-time operation
- Application materials
  - Cover Letter
  - Transcripts
  - Any additional materials demonstrating experiences & qualifications with experimentation and relevance to near-infrared spectroscopy.
- Inquiry via e-mail ONLY may be sent to:

Daqing (Daching) Piao, PHD
