

NSF STEM ROBOTICS SUMMER CAMP 2022

JUNE 22 - JUNE 24

BEGINNER GROUP: 6TH - 8TH
ADVANCED GROUP: 9TH - 12TH

LOCATIONS

Endeavor Building, OSU, Stillwater, OK

INFORMATION

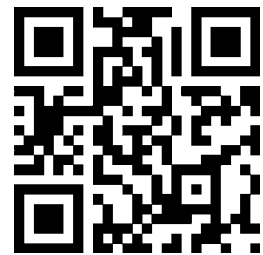

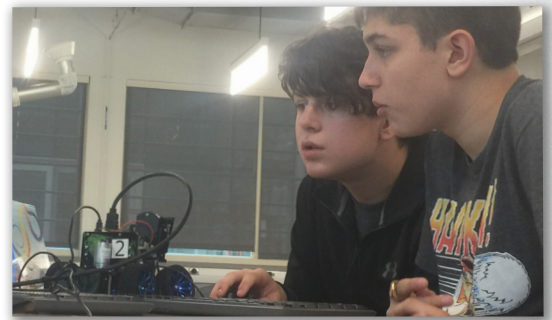

Students will learn the basics of robotics, Raspberry Pi mini computers, electronics and Python programming through interactive and hands-on exercises, culminating in age-appropriate competitions with prizes and awards. Beginner Group students will learn how to implement an answer buzzer system for trivia games. Advanced Group students will learn how to develop a remotely-controlled mobile robot for an exciting treasure-hunting jungle expedition. Breakfast and lunch included. A \$25 registration fee is required.
