

CELEBRATING CEAT'S ACCOMPLISHMENTS

While our faculty and staff tirelessly advance OSU's land-grant mission through teaching, research and extension, they are being recognized in their respective fields. From the university level and beyond, their expertise and accomplishments continue to elevate the visibility and reputation of OSU and CEAT across the state, nation and world.

Congratulations to all who have earned recognition over the past year. Your contributions to your fields—and the meaningful impact you make in the lives of our students—are truly remarkable. We are proud to celebrate these achievements with you.
