

Let's support our CEAT family after devastating fires

Dr. Josh Ramsey (Professor in the School of Chemical Engineering), Dr. Weihua Sheng (Professor in the School of Electrical and Computer Engineering), Vallery Vencill (Project Manager in Fire Protection Publications) and their families have lost their homes in the March 14, 2025, fires that swept through Stillwater. Let's rally together and support our CEAT family who have lost their homes and so much more. Below are GoFundMe pages to help support them.
