CEAT participates in Aviation Day where hundreds of students attend to learn about careers in aviation

There's a big push happening to get more kids involved in aviation, which is Oklahoma's second-largest industry. Hundreds of high school students took part in an event in Pryor to learn more about careers in aviation. Pryor High School’s aviation STEM day has it all, including hot air balloons, drones, pilots, and even Osage SkyNews 6 pilot, Dustin Stone.

Student Highlight: CHE graduate student Sundaram Ramakrishnan recognized with Kokes Award

Sundaram Ramakrishnan, a graduate student in Prof. Mari Andiappan’s research group, has been selected as one the recipients of a 2023 Kokes Award for the 28th North American Catalysis Society Meeting to be held in Providence, RI. The award is sponsored by the North American Catalysis Society, with significant support provided by NSF and US-DOE. As a Kokes awardee, Sundaram will be attending and participating in the biennial conference.

CEAT and ECE mourn the loss of colleague, mentor and friend

The School of Electrical and Computer Engineering is saddened by the news of the recent death of Emeritus Regents/Centennial Professor Dr. Radha Krishna Rao Yarlagadda. He passed away on February 27, 2023. Prof. Yarlagadda had an illustrious 40-year career with OSU from 1966 to 2006. He was well known for his pioneering research in digital speech processing and for his numerous PhD students, many of whom have been inducted in the CEAT Hall of Fame. He will be remembered for his keen intellect and his kind and gentle soul. He will be missed.

Mark your calendars for Give Orange on April 4th and 5th
